HOMEOWNERS CRAFTS ACTIVITY

Friday mornings at 10:00 a.m. a loosely-organized but very enthusiastic group of Woodridge Center ladies become creative with macrame, cake decorating, decoupage, etc, all ideas are invited and anybody can be a demonstrator. The children are welcome to come and play together during the meeting.

This month features the assembling of a terrarium with instruction by Linda Long of the Manor Homes. The combination of terraria and last month's macrame for hanging flower pots will be the main feature of the Homeowners booth at Woodridge Center's Plant and Flower Fair, May 10th on the Clubhouse grounds. A Homeowners Bake Sale booth will also help to contribute to the "Fund for Parties and other Nonsense" to be used throughout the year.

The following is a list of materials and suggested plants to bring to the next crafts meeting on March 7th:

Decorative pebbles, bark, etc.; Glass container(s); Linda will provide soil at first session.

Plants requiring evenly moist soil such as:
